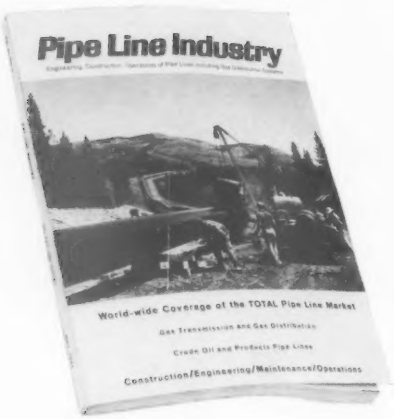
Index by Authors 5

GPC PUBLICATIONS

PIPE LINE INDUSTRY and The PIPE LINE CATALOG for the pipe line and gas industry.
WORLD OIL (formerly The Oil Weekly), and The COMPOSITE CATALOG for the drilling-producing industry.
HYDROCARBON PROCESSING and HYDROCARBON PROCESSING CATALOG for the hydrocarbon processing industry (HPI).
OCEAN INDUSTRY for ocean engineering, exploitation and resources development.



Pipe Line Industry
World-wide Coverage of the TOTAL Pipe Line Market
Gas Transmission and Gas Distribution
Crude Oil and Products Pipe Lines
Construction/Engineering/Maintenance/Operations

Pipe Line Industry

covering gas transmission lines, gas distribution systems—and oil, product and other liquid lines.

TITLE INDEX

Title	Author	Issue	Page
A			
Aerospace Technology Has Pipe Line Applications,	Dr. R. M. Lockerd	May	64
Analog Simulator Aids SNAM in Study of Italian Pipe Network,	Ing. G. Paolo Bonfiglioli	June	51
Bacton: A Major Achievement in Natural Gas Technology		Nov.	37
B			
Balancing an Angle Gas Engine Compressor,	W. M. Kauffmann	Feb.	44
Bechtel Completes Sea Lines for Occidental's Libyan Oil,	Dave Deason	May	81
Black Mesa's Arizona Line To Carry 'River' of Coal,	Dave Deason	March	77
Black Mesa's 'River of Coal' Spans Arizona's Navajo Land,	Dave Deason	Aug.	49
C			
Calculating Centrifugal Compressor Performance,	H. N. McDonald	May	76
Calculating Negative Buoyancy		Aug.	43
Capline Construction Completed, Thruput Nears 300,000 bpd		Jan.	49
Capline's Instrumentation Package Provides 10-Second Status Reports,	Glenn Willis	Dec.	58
Checks and Balances of a Helium Pipe Line System,	A. H. Tacquard	Feb.	31
A Close Look at Gas Supply,	B. W. Beebe	July	42
Coastal States' New Gas Line Contractors Face 'Rocky' Going,	Dave Deason	Feb.	61
Coastal State's Pipeliners Speed Completion of 350-Mile Gas Line.		Dec.	60
Coatings and Cathodic Protection on the IGAT System,	A. Mehjoo & M. Firoozi	June	40
A Comparison of Electronic and Pneumatic Circuits,	M. L. Freudenthal	Feb.	56
Computer-Based DAS Designed For Growth, Orel Beasley &	Steve Dobisz	March	72
Conch Ocean Technique for Integrated Tanks,	Jean Alleaume	Jan.	61
Constructing Deepwater Terminal for Supertanker Loading Off Egypt,	Georges Chabert	Nov.	44
CRC-Crose Automatic Welding Machines Make First Field Construction Appearance,	Dave Deason	April	61
D			
Design and Construction of the Trans-Andean System in Colombia,	N. C. Fincher & D. R. King	May	52
Direct Measurement of Natural Gas Odor Level.	Duane V. Kniebes, J. Adrian Chisholm & Robert C. Stubbs	July	39
Dual Pipe Arch Spans Chicago Ship Canal for Lakehead		June	80
E			
Eastern Gas Board Uses Integrated Communications and Control,	J. Smith & A. Carter	June	48
Elbow Flow Meters Increase Compressor Station Efficiency,	H. N. McDonald	Dec.	56
Electronic Pipe Wall Survey Verified by Visual Inspection		March	48
El Paso Natural's Long Gas Line Moves Westward,	Holt Priddy	March	79
El Paso's $120 Million, 670-Mile Project 310 Expansion Completed,	Dave Deason	June	63
Energy Transportation to Set New Records in Soaring Seventies.		Nov.	31
Evaluating Performance Factors in Transmitter Design,	R. D. Huck	Feb.	34
Evolution of Gas Measurement in France,	M. Sens	Feb.	52
The Expanding World of LNG,	Don E. Lambert	Oct.	43
External Damage to Pipe Lines Studied,	Robert B. Smith	July	52
F			
Floating Plastic Pipe Lines Prove Feasibility in Three-Year Operation		Nov.	55
Four Nations Receiving Dutch Gas Through International Groningen Line,	Dave Deason	Nov.	58
G			
Gas Distribution Survey Shows Growth Trends		July	37
Gas Industry Committee Sees Latest in Automation		March	66
Gas Transmission Survey Shows Gains in Communications and Gas Turbines		April	25
Gas Usage Continues to Increase in Pakistan		March	70
Great Lakes Gas Transmission Completes 969-Mile System		Jan.	41
Growth of Supervisory Control with Even Greater Reliability,	Paul B. Robinson	April	37
Gulf Central's Long Line Ammonia System Grows Northward,	Dave Deason	Jan.	44
H			
Handling Surge Problems in Oil or Products Pipe Lines,	M. U. Bagwell & R. D. Phillips	May	47
How Rotary Piston Gas Meters Are Designed for Maximum Efficiency,	P. J. Frogatt	Dec.	62
How Southern Union Gas Uses Tone Telemetering		Sept.	47
How Texas Eastern Designed a Computer Controlled System,	R. E. Moore & B. R. Purgatorio	Aug.	39
How to Estimate Dynamic Stress in Compressor Installations,	J. C. Wachel & F. R. Szenasi	Dec.	46
How To Keep Mercury in Gas System Meters		Feb.	50
How To Predict Supervisory Equipment Maintenance Cost,	Roy Fredrickson & Norman O'Leary	Oct.	69
How To Upgrade the Value of Liquefaction Facilities,	Peter A. Sipple	Oct.	54
I			
IGAT Pipe Line Will Use 34 USSR-Made Turbine Compressors,	M. Moosavi, J. Lajevardi, & Dr. A. A. Rezai	March	61
IGAT Telecommunications System Seeks 99.99% Reliability,	A. Mehjoo & M. Amiri	May	66
Increase Gas Pipe Line Capacity Through LNG Injection,	Virgil Stark, Arthur Wastie & Jacques Sliosberg	Oct.	50
Insulated 'Hot Line' to Fuel London Heaters		Nov.	49
L			
LNG for Peak Vs. Base Load Applications,	Virgil Stark & Arthur Wastie	Jan.	57
LNG Growth Pushes Need for National Energy Policies,	Carl E. Bagge	Oct.	59
LNG Peak Shaving for Vancouver		Oct.	58
LNG Plant Uses the Arc Cycle,	A. M. Hove	June	58
M			
MAPCO Designs the Future into 720-Mile Anhydrous Ammonia Line,	Gilbert V. Rohleder	Dec.	53
Mediterranean: Spawning Ground for World's Largest LNG Complex		Nov.	40
Michigan Wisconsin Adds 24-Inch Gathering System		Feb.	64
Microwave Control and Monitoring of a Gas Distribution Network,	P. J. Brewster	May	71
Movable Fendering System at Cook Inlet's Drift River Terminal,	K. E. Anderson	May	58
N			
New Developments in Gas Flow Measurement,	E. L. Upp	Aug.	46
1969 Construction to Hold at Near Record Level,	Melvin A. Judah	Jan.	34
O			
Offshore Canada Line Taps Lake Erie Gas Reserves		Nov.	47
Offshore Pipe Line Mileage Swings Upward		Aug.	33
Ommen Compressor Station Offers Improved Design Techniques,	Peter van Geuns	Sept.	51
Ommen On-Site Computer Control,	H. L. Thornton	June	43
Optimization of a Pipe Line System,	O. P. Hall, Jr.	June	55
Optimization Spelled S/C on Transwestern System		Sept.	43
P			
Pacific Gas Transmission Adds System Stations		Nov.	51
Philadelphia Gas Works Considers LNG Import,	Charles G. Simpson	July	49
Pipe Line Defect Behavior During High Pressure Testing,	Leon E. Brooks	Jan.	52
Pipe Line Designs for the Far North,	D. M. Coulter, D. H. Norris, G. W. Walker, G. Walker	Dec.	41
PLCA President Reviews Progress During 1968's Record Activity.		Jan.	37
Power on Stilts in Louisiana		April	47
Proportional Speed Floating System Improves Liquid Pipe Line Control,	Dana M. Wilson	Dec.	50
Q			
Quadraphase Modulation for Supervisory Control,	Donald E. Kinker	April	50
Quality Control Tops Year's Coating Industry Advances		March	53
S			
Sandblasting Offers Dual Values for Pipe Line Rehabilitation.		Oct.	77
Sea Robin 'Walking' Gulf Bottom Laying 36-Inch Gas Pipe Line,	Dave Deason	Sept.	60
Sizing Control Valves for Thruput,	W. G. Birkhead	Feb.	39
Status of Measurement in Europe,	H. J. Schneider	July	55
Supervisory Control of Marathon's Bavarian Pipe Lines,	W. H. King & L. J. Day	April	42
Survey Reveals Increase in Pipe Mileage and Power Usage		June	37
T			
Tests Show Tension Machine Effects on Pipe Coatings for Offshore Lines		March	58

PIPE LINE INDUSTRY

Un-Matched Working Tools for This Industry

The pipe line business consists of gas transmission and distribution systems and oil, product and other liquid lines. This is the *total* market served by the monthly PIPE LINE INDUSTRY and the annual PIPE LINE CATALOG.

PIPE LINE INDUSTRY

PIPE LINE INDUSTRY is edited specifically for men engaged in the design, construction, operation, maintenance and management of gas systems and liquid pipe lines. It offers job help articles, written by industry men for industry men, on new developments, new ideas, efficient use and maintenance of equipment . . . plus latest engineering-operating features. It is published monthly.

About $3 billion is spent annually in this world-wide industry. Plant investment now exceeds $45 billion just in the United States. With more than 12,000 circulation, PIPE LINE INDUSTRY is the one magazine serving all facets of this total market—gas transmission, gas distribution, and all types of liquid lines. It is used by men of authority in this industry throughout the world.

If you are a supplier to this industry, your advertising message in PLI will get results. If you work in this industry, or if you sell products and services to it, PIPE LINE INDUSTRY can help you.

PIPE LINE CATALOG

PIPE LINE CATALOG offers in one pre-filed volume the complete or condensed catalogs of hundreds of manufacturers and service companies serving this total market. Current edition has hundreds of pages of engineering data, specifications, product and service information.

Catalog data in PIPE LINE CATALOG is used by the key men responsible for 98% of the purchases in this multi-billion dollar annual market. It is supplied without charge to men of buying and specifing authority throughout the world. It is certainly the most convenient and most complete single source of information on equipment, materials and supplies used in this world-wide market.

If you are a supplier to this industry, this 24-hour-a-day salesman can go to work for your company. In cataloging nothing succeeds like access. It's *bound* to be found. Here your sales information will be where your customers want it and prefer it.

PIPE LINE CATALOG is published annually in October.
